Description of 95 Phonics Core Program™ (95PCP™)

The 95 Phonics Core Program™ is a K–3 phonics strand taught with the whole class within the Tier 1 reading block. This program is consistent with a core value of 95 Percent Group, which is that reading instruction should be teacher directed. Although digital tools are included, this program is grounded in the belief that the teacher—not a computer—teaches students how to read. The 30 weekly lessons in this program are designed to teach for 20 minutes daily as one portion of a comprehensive reading and language arts curriculum. This program serves as a phonics and word study strand that enriches the other important strands of a school's existing literacy program, including read-alouds, oral language and vocabulary development, reading of authentic text, comprehension instruction, and process writing.

Teachers can extend the time beyond 20 minutes if a slower pace is desirable, or they wish to add more practice opportunities. The program also includes an optional weekly spelling list of 10 words; teachers choosing to use this will need an additional 5 minutes on Day 5 to dictate the 10 words for a weekly spelling test.

Rationale for Developing the 95 Phonics Core Program

Clients have often asked 95 Percent Group to consider developing a Tier 1 phonics program. Across the company's history, this has been the single most requested new product. The impetus for this request is the large, measurable gains occurring among the students receiving instruction with 95 Percent Group's intervention materials. Having experienced what explicit, systematic, and sequential phonics instruction looks like, clients realize that their core program lacks phonics instruction grounded in the science of reading and the principles of structured literacy. Although a handful of clients have successfully used the intervention routines within their core reading block, most clients have experienced challenges adapting our phonics intervention materials for whole-class use.

Based on client feedback, this program addresses the following needs:

- Inadequate phonics instruction in many popular literacy curricula
- An excessive number of students identified for Tier 2 or 3 phonics intervention
- Inadequate teacher knowledge about the science of reading and effective phonics instruction
- Gaps in students' phonics skill development resulting from school closures, summer breaks, etc.
- A curriculum that enables a seamless transition between in-class and remote learning without disrupting or watering down the instruction
- Digital tools to enhance instruction in any setting

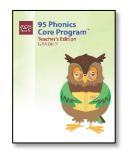

Using the deep phonics expertise of our team as well as leveraging instructional strategies found in our existing phonics products, this new Tier 1 phonics program was not only developed quickly but also entirely by our educator employees. A hallmark of the curriculum is that it provides explicit routines in each of the important components of phonics instruction, including word sorting, sound-spelling mapping with and without phonics chips, word chains, and transfer to text. This program aligns with all of 95 Percent Group's phonics assessments and intervention materials so students will have consistent gestures, chip colors, and routines between Tier 1 and intervention. New decodable text was written specifically for these lessons so that passages used in our intervention materials will be fresh for students who require extra support in Tier 2 or 3.

Additionally, to address the potential of school closures, the program was designed to ensure a seamless transition to remote learning without disruption in the curriculum sequence by sending the provided plastic bags home filled with Student Workbooks, manipulatives, downloaded parent instructions, and spelling lists. These materials can be used from home in unison with the Presentation files when teachers instruct students on videoconferencing platforms.

Elements included in the 95 Phonics Core Program™ Grade 2 Classroom Kit

<u>Teacher's Edition (TE)</u> – The Classroom Kit includes 3 full-color, spiral-bound TE volumes for grade 2. Each TE volume includes 10 lessons. The back cover is a firm stock, enabling teachers to hold the book folded back to see a single page with assurance that it will not bend. The TE provides easy-to-follow lesson plans with scripts and rigorous, but engaging, routines grounded in the science of Reading.

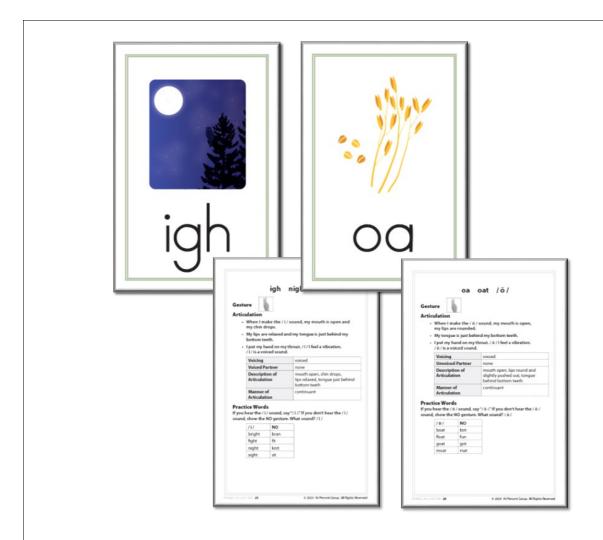

Student Workbook Set (SW) – There are 4 SW volumes for the school year. Each SW volume is 50–75 pages and contains either 7 or 8 lessons with full-color covers and grayscale printing on the interior pages. Everything the student needs to participate in the lesson is contained in the workbook. This includes copies of passages that students can write on, word lists and columns for sorting words by pattern, boxes for word mapping, tables for completing word chains from teacher dictation, and designated areas to write responses to passage comprehension questions. The Classroom Kit includes SW sets for 20 students.

Student Manipulatives Sets with Phonics Chips – The classroom kit includes 20 individual student sets of phonics chips and Sound-Spelling (SS) Mapping Mats in plastic bags with slider closures. The student chips and SS Mats are durable, laminated cardstock. When the program is taught in class, students can store the bags containing their chips at their desks, or the bags can be sent home in case of remote instruction during a time of school closure. Additionally, the bag is sized to allow inclusion of a Student Workbook plus parent instructions and spelling lists if materials are sent home. Students move the colored chips into sound boxes to represent words the teacher dictates; after mapping the sounds in a word, students write the letters in the appropriate sound boxes in the Student Workbook.

Elements included in the 95 Phonics Core Program™ Grade 2 Classroom Kit

Sound-Spelling Cards – This set of cards is printed in full color on the front and grayscale on the back. The 6" x 9" cards are printed on cover stock for durability. They also have a special treatment that not only protects the cards from mold, mildew, fungi, and bacteria but also makes them easy to clean. Teachers can hold up the cards during instruction or post them around the classroom as a quick reference to remind students of the keywords and lettersound associations. The back side of the cards contains tips and reminders for teachers as they present each sound and letter association.

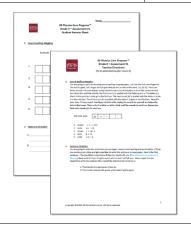

<u>Presentation Files</u> – These 30 HTML animated files contain images to guide instruction of the 5 days in that week's lesson. Teachers access and use the presentation files on our website either in the classroom or during remote instruction using a video conferencing platform such as Zoom or Google® Classroom. Because these files are HTML, they are accessible on any device with a current browser, including a Chromebook®.

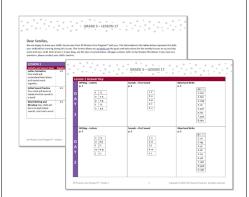

Elements included in the 95 Phonics Core Program™ Grade 2 Classroom Kit

<u>Spelling List</u> – Teachers can retrieve and download the spelling list each week from the Customer Portal. They can make copies to send home if they choose to use the program's spelling list instead of one included in their English Language Arts curriculum.

<u>Assessment</u> – Teachers administer this summative assessment to the whole class to determine if students mastered the unit content. Teachers can download and copy the assessment and student forms from the Customer Portal.

<u>Parent Instructions</u> -- Teachers download these weekly instructions to send home so parents can support students in completing the work in the Student Workbook during remote instruction.

<u>Product Training Video</u> — This one-hour training video provides an overview of the program and tips for teaching the lessons. This video is accessible on the Customer Portal by all teachers who have Classroom Kits. More extensive professional development is available either virtually or in person for an additional fee.

<u>Other Teacher Support</u> – The product's landing page will be updated with teacher support tips and resources as new questions arise. Teachers should check back frequently for additional resources.

Roaming Goat

- The big <u>goats</u> saw <u>Joan</u>, a small <u>goat</u>, <u>loafing</u> in the grass by the old
- 2 <u>oak</u>. <u>Joan's goal</u> was to <u>roam</u>, but they said she was too small to <u>roam</u>. <u>Joan</u>
- 3 liked soaking up the sun, but she could not stop thinking of the sights that
- 4 might be over the hill. She asked Buck Goat to let her roam to the big oak on
- 5 top of the hill.
- The trip up the hill was the most fun Joan had in a long time! She could
- 7 see sights over the hill from the big oak. The sunlit sky was bright and the grass
- 8 so soft. She saw lights on the road down the hill. The things roaming the road
- 9 made her frantic. She ran home to Buck Goat and asked what the lights and
- roaming things might be. He spoke of traffic lights and trucks on the roads.
- 11 At night, Joan was thinking of when she might get to roam again. She
- wanted to munch the grass and see the lights on the roads. Joan saw Toad
- as he croaked and hopped next to the oak. Toad was roaming and Joan
- wanted to go too. Joan went roaming over the hill with Toad, hoping she
- might see the sights. Toad and Joan went down the hill and Toad jumped out
- on the road. Lights were flashing and trucks were roaming the roads.
- Toad crossed the road, but Joan moaned and said it was time for bed.
- 18 She ran over the hill past the big oak to Buck Goat and gave a big sigh.
- 19 Roaming was fun, but Joan was glad to be home for the night.

Passage 2 – Informational

A Toad's Life

- Do you think it <u>might</u> be fun to be a <u>toad</u>? Let's find out what the life of a toad might be like.
- You can find toads from coast to coast. Toads like soaking on the banks
- 4 of ponds and lakes. It is a sight to see toads floating on big pads in ponds and
- 5 lakes. Toads do not like the cold and can get a slight chill. Some toads hop out
- 6 to soak up shafts of light in the sunlit sky. A toad out under the sunlit sky might
- 7 not sit too long. Too long in the hot sun will roast the toad's skin.
- 8 Toads connect at <u>night</u> on land. <u>Toads roam</u> to hunt. They see well in dim
- 9 light and go hunting for bugs and grubs on land. If a bug in flight lands by a
- toad, it will soon slide down the toad's throat. It is sad to say, but some toads
- get hit on the road while roaming at night.
- At night, all toads will croak. Male toads croak the most when looking
- for a mate. When they croak, you see the toad's throat go up and down.
- 14 The croak of toads may be in tune, like a song! At times, you might think the
- croaking toads will not let you doze. To stop the croaking, you would have to
- take baskets of toads away.
- Do you admit it might be fun to be a toad? Could you be coaxed into
- being a toad?

Phonics Pattern

Today we are learning to read and spell words with a new syllable type. This syllable is called a vowel team. A vowel team has 2 or more letters side by side that are pronounced as 1 vowel sound. In this lesson, we will learn 2 vowel teams: i-g-h and o-a.

Words with a vowel team have (repeat it with me): 2 or more letters side by side that are pronounced as 1 vowel sound.

The gesture for the vowel team syllable is 2 fingers together.

5 min

Practice the gesture with me.

Let's look at this week's vowel team pronunciations and their keywords. As I show each one, say the keyword and then say the vowel sound while showing the gesture. Both of this week's vowel teams are pronounced with a long vowel sound.

Keyword Images to Display	Keywords	Sounds	Vowel Team Gesture
igh	night	/ī/	
od ::	oat	/ō/	4

SORT WORDS

(Display throat.)

I'm going to look for the i-g-h and o-a vowel team patterns. Watch the steps I use:

- 1. I find the vowel letters by pointing to them. There are 2 vowel letters side by side—o and a.
- 2. This word follows the o-a vowel team syllable type and the gesture looks like this. (Gesture and say "vowel team.")

- 3. The vowel sound is $\sqrt{6}$.
- **4.** I place the word under the /ō/ oat column. (Don't read the word yet.)

(Display sigh.)

Let's sort the next word together. I'll answer and gesture with you.

- Look at this word. What do I do first? find the vowels
 - Yes, let's pretend to touch the vowel letter or letters.
- How many vowel letters? 1
 - Is the vowel letter an i? yes What letters are after i? g and h
 This vowel team is spelled with 3 letters, i-g-h. The letters g-h
 are part of the 3-letter spelling of the vowel sound.

Note: Display the Sound-Spelling Cards for these vowel teams so the students have a visual cue to reference throughout the lesson.

Note: The letters g and h become part of a vowel team when they follow the single vowel letter i. When these 3 letters team up, they are pronounced with 1 sound, /i/.

Syllable type and gesture?

Now it's your turn. Turn to page 48 in your Student Workbook. Identify the vowel team pattern in each word and say the vowel sound. Then, write the word under the correct column.

SOUND-SPELLING MAPPING

You already know 2 ways to read and spell the long i and long o sounds using the long vowel silent-e and the open syllable patterns. In this activity, when you hear a long i or long o sound in a word, it's spelled with the vowel team i-q-h or o-a.

Now we're going to spell words that have a closed syllable or this week's vowel team patterns. Watch how I use the Sound-Spelling Mapping paper. Each box holds only 1 sound.

The word is groan.

- First, I figure out how many boxes I need.
 - I finger-stretch and say the sounds: /g//r//ō//n/ 4 sounds
 - I need 4 boxes. I tap and place a dot in the corner for each sound I hear: /g/ /r/ /ō/ /n/
- Now, I spell the sounds.
 - Letter g in the first box
 - Letter r in the second box
 - Letters o-a in the third box
 - Remember, the o and a go in the same box because they spell 1 sound, which is pronounced /ō/.
 - Letter *n* in the fourth box
- Sounds? /g/ /r/ /ō/ /n/
- Word? groan

Let's try the next word together. The word is night. Word? night

- Figure out how many boxes we'll use.
 - Finger-stretch and say the sounds in night. /n/ /ī/ /t/ How many sounds?
 - How many boxes? 3 Tap and place a dot for each sound. /n/ /ī/ /t/
- Spell the sounds.
 - Which letter spells the /n/ sound? n Which box? first
 - Which letter or letters spell the /ī/ sound? i-g-h Which box?
 second
 - Remember, the i-g-h go in the same box because they spell
 1 sound, which is pronounced /ī/.
 - Which letter spells the /t/ sound? t Which box? third
- Sounds? /n/ /ī/ /t/
- Word? night

Now it's your turn. Turn to page 48 in your Student Workbook.

Here are the steps:

- 1. Finger-stretch and place a dot in the bottom right corner of the boxes you'll need.
- 2. Write the letters. Remember that each sound gets its own box.
- 3. Whisper the sounds and read the word to yourself.

Passage Reading

PASSAGE 1 – UNDERLINE PATTERN WORDS

Now we'll practice finding vowel team words. Today's passage is about a small goat wanting to roam.

We are going to look for words that have the i-g-h and o-a vowel teams and underline them.

Let's look at the title of the passage. (Do not read the title.) **The word** Roaming has a vowel o followed by the vowel a so I make the vowel team gesture and underline it. Help me find more words to underline. Hold up the vowel team gesture when you see another word with i-g-h or o-a, and I'll underline it. (Continue underlining igh and oa vowel team words above the black line.)

Now it's your turn. Turn to page 46 in your Student Workbook. Here are the steps:

- 1. Begin below the black line and continue underlining to the end of the passage.
- 2. Use your fingers to find the vowels.
- 3. If you find a word with an i-g-h or o-a vowel team, underline it.

I'll give you a few minutes and we'll check them together.

DAY 2

Phonological Awareness Warm-Up

Today we are going to practice <u>phoneme deletion</u>. Let's review the instructions:

READING PATTERN WORDS

Review the Pattern

We're continuing to read and spell words with i-g-h and o-a vowel teams. Let's review.

Words with a vowel team have (repeat it with me): 2 or more letters side by side that are pronounced as 1 vowel sound.

Show me the gesture and say the syllable type.

vowel team

Let's review the pronunciations of this week's vowel teams.

- How is the vowel team i-q-h pronounced? /ī/
- How is the vowel team o-a pronounced? /o/

Read Pattern Words

Now, we're going to read words with a closed syllable or one of this week's vowel teams.

When I show you a word, follow these steps:

- 1. Find the vowels and say the number of vowel letters.
- 2. Check if the vowels are side by side or say "no" if there is only 1 vowel in the word.
- 3. Say the syllable type and show the gesture.
- 4. Say the vowel sound and keyword.
- 5. Read the word.

PATTERN AND CONTRAST WORDS

Let's practice identifying words that fit the pattern and words that do not. Watch what I do.

(Display cloak.)

The first word is cloak.

- First, I point to the vowel or vowels and identify the syllable type.
 - I see 2 vowel letters side by side, o and a.
 - This word follows the o-a vowel team pattern.
 - I whisper "vowel team" while making the vowel team syllable gesture.
 - I whisper the vowel sound /ō/.
- I place the word *cloak* under the /ō/ oat column.
- Finally, I slide a finger under the word and whisper "cloak."

Now it's your turn. Turn to page 49 in your Student Workbook. Let's review the steps.

- 1. Look at the word to decide if it follows the vowel team syllable pattern.
- 2. Whisper the syllable type and show the gesture.
- 3. Whisper the vowel sound.
- 4. Write the word under the correct column.
- 5. Whisper read the word.

I'll check back with you in a few minutes and then you can check your answers.

SOUND-SPELLING MAPPING WITH STUDENT PHONICS CHIPS

We're going to practice moving sound chips into boxes and then writing the letters to spell the words.

Today we have a new chip. The yellow chip represents the single sound of a vowel team. It reminds us that, while vowel teams are spelled with more than 1 vowel, they are pronounced as 1 sound.

Let's do one together. Watch me move the chips and write the letters.

The word is bright. Word? bright

Chips

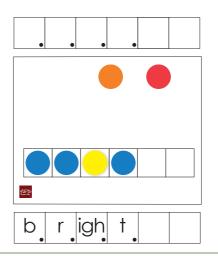

- Finger-stretch bright.
 /b/ /r/ /ī/ /t/
- How many sounds? 4 How many boxes should I dot? 4
- First sound? /b/ Chip? blue

Now it's your turn. Get your chips and mat ready. Remember to place the blue consonant and orange digraph chips on the left side, and the red short vowel and yellow vowel team chips on the right side. Lay out the following chips on your mat:

3 blue chips 1 red chip 1 orange chip 1 yellow chip

Does your mat look like this?

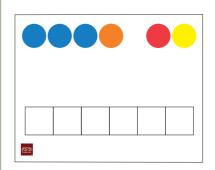

Now it's your turn. Turn to page 49 in your Student Workbook.

Here are the steps:

- 1. I'm going to say a word and you'll repeat it.
- 2. Finger-stretch the sounds and place dots in your workbook.
- 3. Then, say each sound and move the chips on your mat.
- 4. Say each letter and write it in your workbook.
- 5. Finally, say each sound and whisper read the word.

PASSAGE 1 – READ PASSAGE

Now we'll read the passage we underlined yesterday. The passage is about a small, curious goat named Joan who wanted to roam away from her home to see new sights.

First, we'll read some of the underlined words together. When you see a word with an i-g-h or o-a vowel team, make the vowel team gesture and read the word. What are the underlined words in the title? roaming, goat Read with me just the underlined words above the black line.

Now it's your turn. Turn to page 46 in your Student Workbook.

Let's review the steps.

Now it's your turn. Turn to page 50 in your Student Workbook.

Here are the steps:

- 1. I'll say a word and you repeat it.
- 2. Tap a box for each syllable you hear.
- 3. For each syllable, say the sounds, write the letters, and say the syllable type while showing the gesture.
- 4. Mark a V connecting the vowels if the word follows the silent-e pattern.
- 5. Write the multisyllable word in the last column and whisper read it to yourself.

Morphology

INFLECTED ENDINGS

Now we will review the verb endings -ed and -ing. Remember, verbs are used to describe an action. What are some examples of verbs? (Allow the students to share examples of verbs.)

Remember, the meaning of the verb changes when an ending is added.

- When the ending -ing is added, the verb changes to the PRESENT TENSE, meaning it is happening now.
- When the ending -ed is added, the verb changes to the PAST TENSE, meaning it has already happened.

There are 4 rules about how a spelling changes when the inflected endings -ed or -ing are added at the end of a verb. Let's review.

(Display table.) Look at this table that summarizes the rules.

4	Cr. /	crying	Verbs spelled with a consonant followed by y at the end, drop

(Display sentences.)

Read some sentences with me. (Chorally read the sentences as a class.)

- The dog is tripping over the rope. What is the verb? tripping
 - The dog is tripping means it is taking place right now.
 - Remember, the word is before the word tripping is acting as a helping verb. It "helps" the sentence read correctly.

The dog is tripping over the rope.

- The dog tripped over the rope. What is the verb? tripped
 - The dog tripped means it already happened.

Turn to page 50 in your Student Workbook. You will find a Word Bank of verbs. Choose 1 verb and then write 2 sentences, 1 that uses the verb with the -ing ending and 1 that uses the verb with the -ed ending.

PASSAGE 2 – UNDERLINE PATTERN WORDS

Now it's time to practice with a new passage. This passage has a few interesting facts about toads.

We are going to look for words that have the i-g-h and o-a vowel teams and underline them.

Let's look at the title of the passage. (Don't read the title.) The word *Toad's* has a vowel o followed by the vowel a so I make the vowel team gesture and underline it. Help me find more words to underline. Hold up the vowel team gesture when you see another word with i-g-h or o-a, and I'll underline it. (Continue underlining igh and oa vowel team words above the black line.)

Now it's your turn. Turn to page 47 in your Student Workbook. Here are the steps:

- 1. Begin below the black line and continue underlining to the end of the passage.
- 2. Use your fingers to find the vowels.
- 3. If you find a word with an i-g-h or o-a vowel team, underline it.

I'll give you a few minutes and then we'll check them together.

DAY 4

Phonological Awareness Warm-Up

Today we are going to practice <u>phoneme deletion</u>. Let's review the instructions:

- I'll say a word and you repeat it.
- Next, I'll tell you a sound to delete, or take away, from the word.
- Then, tell me the new word. Ready?

Say clip: (clip) Delete /k/ from the beginning. Word? lip

WORD CHAINS

It's word chain time! We will begin with 1 word and then spell others in a chain. We'll add, delete, or change 1 sound at a time to spell a new word.

Let's do this first one together.

The first word is oat.

Let's change oat to coat.

- Which sound changes? add /k/ to the beginning
- Which letter changes? add the letter c to the beginning

I write the word coat under oat.

Next, I change coat to boat.

- Which sound changes? /k/ changes to /b/
- Which letter changes? change the letter c to b

I write the word boat under coat.

Finally, I change boat to bloat.

- Which sound changes? add /l/ after the /b/
- Which letter changes? add the letter / after the b

I write the word bloat under boat.

Now it's your turn. Turn to page 51 in your Student Workbook. You'll find a spot to write 4 word chains. I'll tell you 1 word at a time and you'll write each new word below the old one. Find the page and look up when you're ready.

Morphology

POSSESSIVE/PLURAL POSSESSIVE

Today we will learn about possessive nouns and how to write them. A noun is a person, place, or thing. A possessive noun shows ownership.

(Display <u>Possessive</u> and <u>Plural Possessive</u> table and use the bulleted text below to guide you through the explanation of the table.)

Possessive and Plural Possessive							
Noun		Possessive	Sentences				
Singular	girl	girl's	The girl's doll fell from the shelf.				
Plural girls		girls'	The five girls' dolls fell from the shelf.				

- When there is 1 noun, it is called a singular noun; for singular nouns, add an apostrophe and the letter s. In this table, for example, we are talking about "the girl's doll." The apostrophe and the letter s show us that there is one girl and the doll belongs to her.
- When there is more than 1, the noun is called a plural; for plural nouns, add an apostrophe after the s. For example, how many girls are there? 5 What do they own? dolls How can we tell? an apostrophe after the s

Let's review.

- For a singular noun, does the apostrophe or the s come first?
 apostrophe
- For a plural noun, does the apostrophe or the s come first? s

Turn to page 51 in your Student Workbook. You will find a table like the one we reviewed. Using the nouns in the Singular and Plural rows, write the possessive form and a sentence for each.

Answer Key

Plural pigs		pigs'	(answers vary)

SOUND-SPELLING MAPPING OF HEART WORDS

Today we will spell some special words called "heart words" that don't fit the patterns we've learned. Watch how I use the Sound-Spelling Mapping paper. Remember, each box holds only 1 sound.

The word is your. Word? your

- Finger-stretch your. /y/ /or/
- How many sounds? 2 How many boxes? 2 I place a dot in the corner of 2 boxes.

Watch me write the letter or letters that spell each sound.

- What is the first sound? /y/ Which letter? y Which box? first
- Next sound? /or/ The /or/ vowel sound is spelled with the letters
 o-u-r in the word your. I write them in the second box.
 - I draw a heart in the box for this unexpected spelling.
- Word? your

Let's try another one. The word is both. Word? both

- Finger-stretch both. /b/ /ō/ /th/
- How many sounds? 3 How many boxes? 3 I place a dot in the corner of 3 boxes.

Watch me write the letter or letters that spell each sound.

- What is the first sound? /b/ Which letter? b Which box? first
- What is the next sound? /o/ The /o/ vowel sound is spelled with the letter o in the word both. This word appears to follow the closed syllable pattern, but the o has the long o sound. I write this letter in the second box.
 - I draw a heart in the box for this unexpected spelling.
- What is the last sound? /th/ Which letter or letters? t-h The digraph t-h goes in 1 box because it is pronounced as 1 sound.
- Word? both

Second sentence: <u>He liked the boats floating on the coast.</u> Repeat it with me. Now write it. (Repeat the correction procedure above.)

Third sentence: <u>The goats roam in the hills.</u> Repeat it with me. Now write it. (Repeat the correction procedure above.)

Roaming Goat

The big goats saw Joan, a small goat, loafing in the grass by the old

oak. Joan's goal was to roam, but they said she was too small to roam. Joan

liked soaking up the sun, but she could not stop thinking of the sights that

might be over the hill. She asked Buck Goat to let her roam to the big oak on

top of the hill.

The trip up the hill was the most fun Joan had in a long time! She could see sights over the hill from the big oak. The sunlit sky was bright and the grass so soft. She saw lights on the road down the hill. The things roaming the road made her frantic. She ran home to Buck Goat and asked what the lights and roaming things might be. He spoke of traffic lights and trucks on the roads.

At night, Joan was thinking of when she might get to roam again. She wanted to munch the grass and see the lights on the roads. Joan saw Toad as he croaked and hopped next to the oak. Toad was roaming and Joan wanted to go too. Joan went roaming over the hill with Toad, hoping she might see the sights. Toad and Joan went down the hill and Toad jumped out on the road. Lights were flashing and trucks were roaming the roads.

Toad crossed the road, but Joan moaned and said it was time for bed.

She ran over the hill past the big oak to Buck Goat and gave a big sigh.

Roaming was fun, but Joan was glad to be home for the night.

Passage 2

A Toad's Life

- Do you think it <u>might</u> be fun to be a <u>toad</u>? Let's find out what the life of
- 2 a $\underline{\text{toad}}$ $\underline{\text{might}}$ be like.
- 3 You can find <u>toads</u> from <u>coast</u> to <u>coast</u>. <u>Toads</u> like <u>soaking</u> on the banks
- 4 of ponds and lakes. It is a sight to see toads floating on big pads in ponds and
- 5 lakes. Toads do not like the cold and can get a slight chill. Some toads hop out
- 6 to soak up shafts of light in the sunlit sky. A toad out under the sunlit sky might
- 7 not sit too long. Too long in the hot sun will roast the toad's skin.
- 8 Toads connect at night on land. Toads roam to hunt. They see well in dim
- 9 light and go hunting for bugs and grubs on land. If a bug in flight lands by a
- 10 toad, it will soon slide down the toad's throat. It is sad to say, but some toads
- 11 get hit on the road while roaming at night.
- At night, all toads will croak. Male toads croak the most when looking
- 13 for a mate. When they croak, you see the toad's throat go up and down.
- 14 The croak of toads may be in tune, like a song! At times, you might think the
- 15 croaking toads will not let you doze. To stop the croaking, you would have to
- 16 take baskets of toads away.
- Do you admit it might be fun to be a toad? Could you be coaxed into
- 18 being a toad?

(To be administered after Lesson 10)

1. Sound Spelling Mapping

We are going to spell words using sound spelling mapping paper. Watch as I figure out how to spell this word. The word is **coach**. I finger stretch and say the sounds in the word. $k/\bar{o}/ch$. There are three sounds in the word, so I tap a box for each sound and place a dot in the corner of the box. Now I spell the sounds, the first sound is /k/ spelled with the letter c, I write it in the first box. The next sound is /ō/ spelled with the letter o, I write it in the next box. The third sound is /ch/ spelled with the letters ch; it goes in the third box. Now it's your turn. I'll say a word and you finger-stretch while whispering the sounds and place a dot in the boxes. Then write the letter or letters that spell each sound in the boxes to spell the word. Remember that each sound gets its own box.

Example- coach

3.	spoil	S	р	oi	I

2. Word Sorts

You will be identifying words that have the vowel team syllable pattern. Look at the first word pair in your list. Find the vowel letter or letters and decide which word follows the vowel team syllable pattern. The vowel letters in the second word are ay. This word follows the vowel team syllable pattern. I circle the word. Now I check my response. Syllable type? vowel team. Sound? /ā/. Word? stay. I write the word in the vowel team column. Now, it's your turn.

- Find the vowel letter or letters in each word
- Identify the word that follows the vowel team pattern and circle it
- Say the syllable type, the vowel sound, and read the word
- Write the word in the vowel team column.
