

95 Phonics Skill Series: Short Vowels

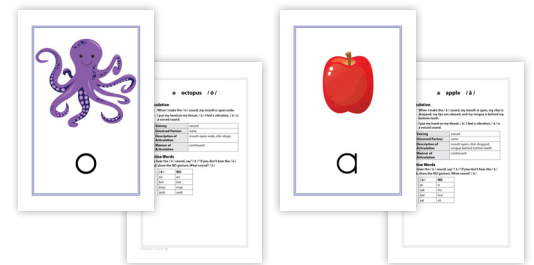

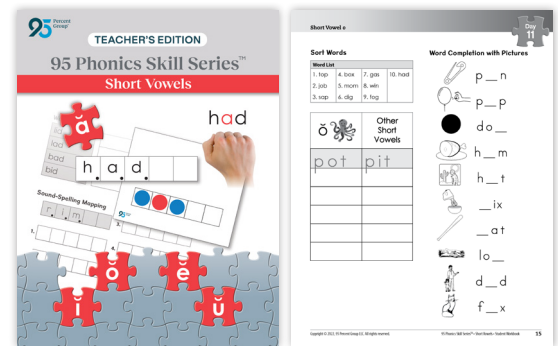

30 fully-prepared lessons designed to help students master short vowels.

Reinforce the closed syllable pattern in versatile, daily 20-minute lessons

Mastering the Consonant-Vowel-Consonant (CVC) closed syllable pattern is a critical component of early literacy development. Understanding this pattern builds phonemic awareness and decoding skills—which enables spelling, writing, and advanced reading abilities.

95 Phonics Skills Series™: Short Vowels program is designed to help students who need additional reinforcement to master reading CVC words.

The 20-minute lessons are fully-prepared—from explicit instruction on the phonics concept to application opportunities at the word, phrase, sentence and passage level—to ensure your students become proficient in reading CVC words.

Implement with flexibility across your Multi-Tiered System of Supports (MTSS)

With 95 Phonics Skills Series: Short Vowels, you can meet the needs of all students who would benefit from instructional reinforcement on the CVC closed syllable pattern.

TIER 1

Add explicit review to core instruction during ELA block (grades 1-2)

TIER 2

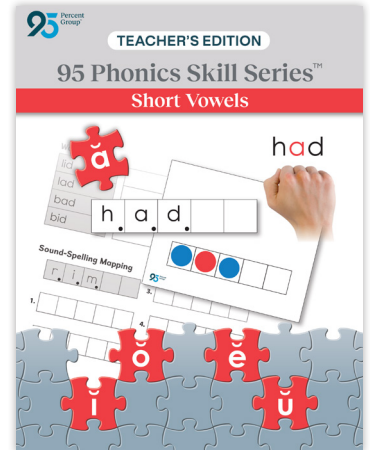

Deliver strategic, systematic lessons for small group intervention (grade 1-3)
